

CRAFTED COLLECTION

Mugunghwa - The national flower of Korea, and the inspiration for the custom art screen designed by Designer Ines Gerlach for The Lotte Hotel, Seoul - Korea's award winning Mugunghwa fine dining Korean Restaurant.

The design of the Mugunghwa incorporates 3 carefully chosen CushCush shell inlays to successfully create a beautiful abstract pattern of the Korean national flower, giving the overall screen a sense of refined depth and pure luxury which is uniquely Mugunghwa.
