

CRAFTED COLLECTION

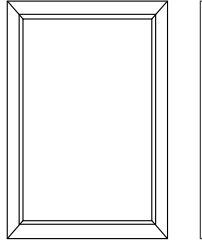

Fenetre - Shagreen feature bathroom vanity mirror is designed by Denniston International and handcrafted by CushCush for Louis Vuitton's Cheval Blanc Randheli, Maldives.

The Fenetre mirror frames were created with three different distinctive natural materials: The Luxurious Shagreen, The Exotic Blue Coral Stone and The Sleek Black Penshell inlay surfaces. Each of the unique natural materials was specifically chosen to compliment the modern interiors and create a palette of understated luxury.
